

## INSTRUCTIONS

1.

Place design template in the back of bead tray under tabs.

\*Design templates used for instructional purposes only.

2.

Place beads on tray one at a time, matching the colours on the design template.

MAKE!

SPRAY!

3.

Holding water sprayer 10cm away, spray 5-6 times so the water evenly covers all beads in your design. Dry for minimum 20 mins before removing.

**DO NOT EAT.**

## DESIGN TIPS

- ✱ Ensure hands are dry when handling beads
- ✱ Too much water makes the beads sticky and requires longer drying time
- ✱ Ensure designs are dry to touch before removing from bead tray
- ✱ Gently sliding a design template under the dried bead design will help remove it easily from the bead tray
- ✱ To make design stronger, spray water on reverse side of final design and let dry overnight
- ✱ Wash bead tray well with soapy water after use and allow to air dry
- ✱ Always wash hands well with soapy water after handling beads
